Roll the dough just like that  
Rolling, rolling round we go

For pizza to be on my plate  
The oven can't cook fast enough

**Curriculum Objectives** that are highlighted in this song.

**MAMA MIA**

Such a fun song teaching kids how to make pizza! Take two sticks and model for the children how to hold them and to play right in front of them. Safety is an issue with rhythm sticks so we make sure the children are sitting far enough apart that they will not get hit. You can use a paper plate or block to give your kids a visual place to bang their sticks on the floor.

**Roll the dough...** Have the children roll the sticks on the floor with their palms  
**Grate cheese...** "Zip" the sticks together to simulate grating cheese  
**Chop veggies...** Put one stick on the floor and "chop" with the other

Pretend to slide the pizza into the "oven" when the spoken part comes around and have them check their watches and act impatient.

For lots of fun, have the children pretend they are opera singers and come in on the part of the song where he sings "Mama Mia". Make it big and dramatic!

**Curriculum Objectives:** Pitch; Verbal Skills; Fine Motor; Spatial Balance/Relationships; Imagination
